Instructional Designer Growth Plan

DEVELOP YOUR GROWTH PLAN

Using the areas of growth you identified on the other side of this worksheet, choose 2 areas of growth to develop a plan for. For each area, create a smart goal to determine how you will build your skills as an ID in this area.

		GROWTH AREA 1	GROWTH AREA 2
S	**Specific** What exactly will you do or produce to demonstrate growth of this skill?		
M	**Measurable** How will you or a peer evaluate the quality of your work?		
A	**Attainable** Is your goal realistic and attainable given your available resources and time?		
R	**Relevant** How does achievement of this goal improve your skills as an instructional designer?		
T	**Time-bound** What is your "hard deadline" for a finished draft or product?		
	Evidence Instructional design is a portfolio-based field. What eveidence will show your effort?		
	Accountability Partner Who will you share thei growth plan with for feedback?		
	Skill-Building Resource What profesional learning organization, resource, or experience will support growth of this specific goal?
